The Governor issued the following

Proclamation

Executive Department
City of Jefferson Mo.

To the people of Missouri.

Major General Rosecrans commanding Department of the Missouri, is authorized by the War Department to muster into the United States service for a short period, such number of Missouri Volunteers as the exigencies of the times require. He has accordingly called for Ten Regiments for the period of Six months.

I appeal to the people of Missouri to respond to the call promptly and with alacrity - Our condition is such that we must have more soldiers - Guerrillas infest our borders, and a large force from Arkansas is threatening to invade us. Troops cannot be spared from the front to assist us and, we must protect ourselves, or be overrun by rebels.

Under such circumstances the people of Missouri should not hesitate. During three years of War they have sustained the Government and filled every call for troops by Volunteer enlistments -

The cause of the Rebellion is no less wicked than it was at its commencement, and the rebels

July 28. are no less the enemies of law and order now than they were in the beginning. For Missouri there can be no peace while armed rebels are in the State—

If you desire peace and security for life and property, your must rebel all armed bands of rebels from your borders — When this is done, soldiers may be relieved from duty, Military power may be withdrawn, and the ordinary course of civil law restored.

If the troops asked for by General Rosecrans are not promptly provided it will be my duty to furnish him such a militia force as he may require. That Militia force cannot be paid for the reason that the State has no sufficient means for the purpose.

The question is therefore presented whether you will do your duty as paid soldiers of the United States, or whether you will duty as detailed Militia of the State without pay. The choice should be readily made. As federal troops you will be more efficient, better paid, better clothed and better provided for than you can be as Militia, and you will therefore render better service to your Government and your State in the former than in the latter capacity.

General Rosecrans relies confidently upon your responding to his call favorably — Let him not be disappointed.

In testimony Whereof, I have hereunto set my hand, and caused to be affixed the Great Seal of the State of Missouri: Done at the City of Jefferson this twenty eighth day of July in the year of our Lord One Thousand eight hundred and sixty four: Of the Independence of the United States the Eighty Ninth, and of the State of Missouri the Forty Fourth.

December 29 1864

The Governor issued the following

Proclamation

To the People of Missouri:

The President of the United States has found it necessary to call for three hundred thousand more Volunteers for the Army of the United States, in order to prosecute the War with necessary and proper vigor; the great success of Gen'l Sherman and Thomas under it important that renewed efforts should be made to destroy the Armies enemy. The discouraged and discouraging rebel Forces should not be permitted to recover theirs lost advantages. To this end their energy should be directed in order that peace may be restored to the whole Country at an early day.

The experience of last Summer proves that Missouri is liable at any moment to a destructive invasion, while the War continues. We have no hope of Security for person or property in our State except in the restoration of peace, and peace cannot and might not be restored, should the rebellion in Missouri be successful.

Missouri has done her duty nobly in the last ten months. From the first of Jany. 1864 to the 30th of Novr 1864 she has furnished over twenty thousand Volunteers to the Federal Army. See no reason why she should not do even better in the next ten months. There is a large number of discharged Veterans among us, and this Number will be increased nearly ten thousand in a short time by the muster out of the Service of the Missouri State Militia. Most of these Veterans will accept if sufficient Bounties be given them, & therefore most earnestly recommend to the various Counties and Cities of the State an immediate appropriation of a liberal Bounty to Volunteers. No burthen could be so useful to the public and I believe none will be so cheerfully borne.

In testimony whereof, I, Willard P. Hall, Governor of the State of Missouri have hereunto set my hand and caused the great Seal of the State to be affixed this 29th day of December. A.D. 1864.

By the Governor Willard P. Hall.
